READERS' MESSAGES

Dear Editor,
Your article ('No Sweat') on keeping make-up sweat-proof during summers was spot-on and so timely! Apart from revealing some nifty tips, it proved handy while I packed my vanity kit for a friend's destination wedding. Keep up the good work!

Dear Editor,
The cover story on summer destination weddings was such a well-researched one! Beach destinations have become the norm for summer weddings. So, thank you for highlighting destinations that are offbeat yet accessible when the heat is on. This will really help your readers.
